Nature’s mysteries

» Expert knowledge condensed into clear, comprehensible language
» Includes tips for home gardening
» Recipes for remedies and home uses

» For every ill, there grows a herb«, Hildegard von Bingen wrote—and indeed, the healing power of many herbs has been known for centuries. Together with Johannes G. Mayer and Katharina Mantel, Anselm Grün has selected seven herbs for their medicinal, historical, and symbolic significance, presenting them here with information on their use and cultivation. Anselm Grün additionally links each herb with one of the seven canonical hours, formulating a reflection or spiritual impulse for meditation.

Dr. Johannes G. Mayer, 1953–2018, was a scholar of literature as well as medical and pharmaceutic history. In the latter capacity, he served as coordinator of the Wullstein Research Center at Würzburg University’s Institute for the History of Medicine (Specialization: History of medicinal plants) and as the head of the Forschergruppe Klostermedizin GmbH, a monastic medicine research organization. He was also a writer and frequently served as consulting expert for TV and print media. His handbook of monastic medicine was published in 2002 and has sold over a quarter of a million copies.

Katharina Mantel is a pharmacist specializing in natural remedies and phytotherapy. Since 1999, she has been a member of Würzburg University’s monastery medicine research project, as well as co-authoring numerous works on healing plants, nutrition, and health.

Power –
How to deal with the seductive lure of authority

c. 140 pages
March 2020

A strange force

» Current and important topic in the Church and beyond
» Constructive approaches to an often underestimated temptation
» A sophisticated account of power’s positive and negative consequences

To many people, the Church is synonymous with power—but often, those within the Church fail to perceive their authority. In this volume, Father Anselm Grün explores the intersections between Church and power, and how these juxtapositions frequently lead to abuses. But this pattern goes beyond ecclesiastical circles into our personal surroundings, including families, colleagues, and relationships.

Anselm Grün explores the spiritual and psychological aspects of power as well. He sets out to help those to whom power has been given use that power for the good of all, and to make the seductive energy of authority serve moral ends. Furthermore, his text invites readers to consider their own power structures and how they use what they have been given. The result is a mindful, conscientious approach to influence and status.

ENGLISH SAMPLE TRANSLATION AVAILABLE

» A call for politically and socially engaged Christianity
» A topic of the utmost urgency
» Christians For Future!

Currently, Christians and their different denominations are entangling themselves and one another in internal debates—all the while neglecting their engagement with the great challenges of our time: the real dangers of capitalist finance and resource exploitation, as well as the positive and negative potential of technological innovation. Jörg Alt argues that the Bible and Catholic social teaching offer all that is needed to create a more socially just and ecologically sustainable future. This book is written as a wake-up call, encouraging readers to tackle these problems as engaged Christians instead of getting lost in internal Church debates.

Father Jörg Alt, PhD, born in 1961, studied theology, philosophy, and sociology and for many years worked for the Jesuit Refugee Service. Since 2009, he has been university pastor in Nuremberg, in addition to being a priest of the Jesuit order and working with Germany’s Jesuit mission in the areas of research, networking, and advocacy.

Man up! –
Living a Living Masculinity

c. 120 pages
March 2020

Towards a life filled with more life!

» The ideal gift for any man
» Practical exercises and ideas for reflection

Until several decades ago, there was a relatively clear model of masculinity: A “true” man should embody qualities of dominance, expressiveness, and strength and should show these qualities in his appearance. Today, it is much harder to draw a characteristic image of masculinity. In this book, Brother Josef van Scharrel—whose courses for men at the Nütschau monastery have been popular for years—seeks to offer men an opportunity of reflecting on themselves, their relationship with masculinity, and their understanding of the masculine role. Readers are encouraged to show their masculinity in their feelings, strengths, and joys, as well as in their weaknesses, fears, and mistakes. In addition to inspiring texts, van Scharrel provides ideas and exercises for turning theory into practice and personally experiencing its effects. This liberates readers from their own and others’ expectations, allowing them to find their own path to a personal understanding of masculinity.

Br. Josef van Scharrel, born 1961, founded Nütschau Benedictine Monastery’s Raphael House specifically to address the changing needs of men. Since 2011, he has been leading vision-seeking and forest exercises for the “stronger sex” in both Germany and Sweden.

In this pocket seminar, Anselm Grün encourages his readers to purposefully engage with the topic. With sensitivity and wisdom he addresses the challenges—and opportunities—that come with accepting, letting go, and reconciling with age. Those who learn to accept their own limitations and practice letting go will be richly rewarded by a new lease on later life.

Scripture is full of difficult, often brutal stories—jealousy and betrayal, intrigues and adultery, deceit and murder. Can these texts truly give us “good news”? Are they still relevant to our lives today?

Father Anselm Grün and renowned psychologist Dr. Bernd Deininger lay out passages from the Old Testament with a view to considering not only the perspectives, emotions, and thoughts of the protagonists, but God’s actions as well. Their grounding as, respectively, a monk and a therapist plays an essential part of finding the texts’ contemporary resonance and their fruitful and peaceful solutions for human community.

cia. 160 pages
August 2019

» Accessible presentation of different Bible editions, for new-comers and experienced readers alike
» What’s special: The reader is free to independently interpret the texts, gaining familiarity with the Bible’s most significant characters and actions

The Bible is truly the book of books. Most people have a copy in their homes; everyone knows passages and stories from its pages, whether from services, class, or cultural knowledge. But be honest: When did you last actually read it?

In his lectures and courses, Father Anselm Grün repeatedly finds that readers are intimidated by the texts: Where to start? What are the stories trying to tell us? Which interpretation is the right one and why? This book coaches the reader, helping each find and follow their own path through humanity’s greatest document.

In this guide, Anselm Grün offers suggestions on where to start reading; explains the Bible’s often densely poetic language; and introduces readers to the traditions of scriptural exegesis. He also provides inspirations for communal Bible study and explains the differences between different Bible editions. A helpful, practical road map for all newcomers and re-readers of this book of books.

The Power of Tradition – Benedictine living in today’s world

ca 144 pages
September 2019

A new Vier-Türme author:
Bodo Janssen, co-author and good friend of Anselm Grün

» Highly current topic: Leadership towards meaning and human values
» Benedict’s Rule as a guide to human interaction—not just for managers and leaders

After Bodo Janssen took over running his parents’ hotel business, he was faced with a painful truth: according to a survey of his employees, most people in his business longed for a different kind of boss. Taking time off in a Benedictine monastery, Bodo Janssen encountered the spirituality of St. Benedict. He has come to see Benedict’s Rule as an essential guide book—not just in how to lead others, but in how to interact with fellow human beings around him. Encountering others on an equal footing and thus building a working community has become his highest goal. He shows how Benedict’s words helped him find this insight, and the many ideas they hold for supporting and creating a fulfilled life.

Bodo Janssen was born into a family of entrepreneurs in 1974. After completing degrees in China studies and business, he entered his parent’s hotel business. As a student, he was kidnapped and held hostage for eight days. After his father’s death in a plane crash, he took over the management of his parents’ hotel chain. Harsh criticism from employees regarding his leadership style led him to retreat to a monastery, where—incorporating spirituality and science—he developed the “Upstalsboom method” for creating a human, meaningful work environment. Today, he works as a hotel manager, author, and speaker.
Often, doubt is seen as something negative: A person who doubts or hesitates worries their life away in uncertainty. Or doubt is seen as a path to passivity and letting life pass us by. Again and again, we’re told that “Success doesn’t come from insecurity.” Anselm Grün investigates how doubt and the longing for certainty complement each other, and what role doubt can play in our lives. If we face up to the despair that keeps intruding on our lives, Anselm Grün explains, our doubt can actually help our personal growth. It can break open inflexible structures and lead us to new experiences.

What We Can Learn from the Early Christians

143 pages
January 2019

» The early Church as a model for ecclesiastical renewal today
» Practical ideas for dialogue within the Church and across religious denominations
» Back to the roots!

Acts of the Apostles is the earliest written testimony of the first Christians. It narrates the origins of Christianity as well as the disciples’ questions and those of their followers. Even then, there was debate about inter-religious dialogue and how best to spread Jesus’ message. Anselm Grün retells the story of the early Church and shows how it can be a model for us today.

Throughout the centuries, there has always been a longing for the form of the early Church. Today, too, it would do us good to think back to our beginnings. They can show us new ways for the Church to present itself in the modern world—and new ways for us to better engage with one another.

What is sacred to me?

» What’s special: A guidebook and workbook in one, with plenty of space for own ideas, as well as practical tips, self-tests, and exercises—all in an attractive layout with charming illustrations.

» Accessible to a young audience

“Within each of us, there is a sacred space to which thoughts and emotions have no access. In this space, we are whole and well, free of others’ power over us, of their expectations and demands, of their judgments and opinions. Here we are in harmony with ourselves.”

This volume is an invitation to discover that space within us. Anselm Grün asks questions and offers inspirations which can help us maintain this space even in the midst of this hectic world. Furthermore, the format of the pocket seminar allows plenty of space to develop and pursue own solutions and answers to the questions that move us. In this way, the book can become an important guide on our journey through life, inviting us to re-read, reflect, and grow.

» A spiritual book on gardening—unconventional and inspiring
» With many creative ideas for DIY gardens

“A garden’s a garden, no matter how small!” Even if the garden is nothing more than a few flower pots on the window sill, it can still be an important place: a kind of mirror for one’s own life, a place to touch and feel nature, to observe growth and blossoming, ripening and wilting. That rhythm shapes our lives as human beings as well. And if we look closely, our gardens can impart a great deal of life wisdom!

The book also includes delicious recipes and instructions for DIY projects that let you see your garden with new eyes.

» The fundamental element of human interaction
» Increasingly relevant in our divided times

Trust is an important element of human interaction. As children, we are born with a deep trust—but throughout our life, this trust is tested over and over again. Altogether different from trust between people is our trust in God. Here, trust is founded not in the certainty that comes from experience or provable knowledge, but rather in hopeful assurance.

The Light that Grows from Loss –
A Book of Grief and Comfort

141 pages
March 2019

» Cultivating a space for grief and comfort
» Poetic, encouraging texts that can also be used in condolence cards or eulogies

A person’s death confronts their loved ones with deeply existential questions. We are confronted with our own mortality, with so much we cannot grasp. Death causes overwhelming emotions in us: despair, fear, perhaps even guilt. We are also plagued by the questions of “Why?” and “What comes after?” Today, many people feel left out by the Church’s apparently repetitive answers to these questions. The unchanging formulas and phrases recited at funerals or memorials can make us feel as though our true grief is ignored.

Giannina Wedde has found new, poetic words for the questions, fears, but also the hope and the memories that are with us when we face the death of a loved one. In doing so, she makes a space for the very real conflicting emotions of the grief-stricken: anger and inconsolable sadness alongside doubt, forgetting, and love.

Giannina Wedde, born in 1974, studied German, philosophy, publishing and theater. Today, she works freelance as a spiritual songwriter, author, and spiritual development coach along a Christian-mystical path. More details can be found on her German website: www.klanggebet.de
Siblings—in between love and rivalry

» Understand your own relationship with brothers and/or sisters better
» For an open and trusting constellation within family

Siblings are linked by a special emotional bond. Brothers and sisters are those who go with us through life longest—but this relationship can also be marked by tension: from early on, siblings fight over parental love and affection. Even as adults, many people feel slighted by their father or mother in favor of their siblings. This can lead to estrangement after the death of the parents, particularly if there are fights over inheritance.

In this volume, Anselm Grün—himself one of seven siblings—shines a light on the bonds of brotherly and sisterly love. He discusses the numerous Bible stories, such as the prodigal son, Cain’s fratricide of Abel, and Jacob and Esau. But Grün also draws on his own experience both in his family and as a counselor. Out of this rich store, he shows how siblings can treat each other well and live harmoniously.

One of the most beautiful stories ever told

» The quintessential call for friendship and humanity—
   with new exploration by Father Anselm

» A family reader, showing the timeless “fairy tale” in the light of spirituality

Ever since its first publication in 1943, Antoine de Saint-Exupéry’s The Little Prince has enchanted readers, despite—or perhaps because of!—its criticisms of the world of grown-ups.

Children and adults alike keep returning to this many-layered story of a small, distant asteroid and how its inhabitant’s search for friendship brings him to various planets and finally to earth. In this sumptuously illustrated new edition, the most important episodes from the original are followed by commentary, in which Father Anselm Grün interprets the story from his spiritual point of view, illuminating the many references to the New Testament and to Jesus. In this way, readers will find a whole new perspective on the text opening up.

Illustrator Mascha Greune has let herself be inspired by Saint-Exupéry’s original drawings, giving the little prince and his world new life.

But the Desert Fathers show us ways not to let ourselves be ruled by such emotions, instead working towards inner freedom and peace.

In this book, each day of the year offers a new text of the Desert Fathers, with commentary and explication for modern-day readers by Anselm Grün. He masterfully distills the wisdom of the Desert Fathers into our time and gives us a guide for understanding their texts. The result is a wonderful companion for the year, offering a new piece of wisdom every day.

How Rituals Can Help You Find Your True Self

Finding freedom through ritual

» practical guidebook with exercises and suggestions for cultivating an orderly mind and heart
» how to use creativity in discovering one’s own rituals

Life in a Benedictine monastery follows a series of set routines. There are precise rules and times for prayer and meals, for work and leisure. Apparently, there is no space for spontaneity or independence.

But Father Zacharias has consciously chosen such a life. He has chosen it because routines are by no means limiting. Instead, they give us a precious gift of freedom, and their clarity acts on us and helps us structure ourselves—to find ourselves again.

Father Zacharias shows the helpful and healing power of rituals. On the one hand, he offers practical exercises that readers can integrate into their everyday lives; on the other, he encourages readers to use those exercises as a starting point in a search for their own rituals—rituals that fit their own personal life.

Soberness—a new reading of an old idea

Soberness is a term that may at first seem somewhat outdated. But taking a closer look, we find that it is also something that, in the heated social debates of recent years, we would often have needed. In the spiritual realm, soberness has played an important role for centuries, and always signifies something more than merely an absence of intoxication. Instead, it describes a state in which we manage to see to the bottom of things, to recognize truth without being distracted by our own or others’ opinions or intentions.

In his latest book, Father Mauritius Wilde invites us to re-learn this Christian virtue. Shining a light on the various facets of this old and yet so modern term, he demonstrates the spiritual and practical significance soberness can have in today’s society.

Father Dr. Mauritius Wilde, born in 1965, is a priest and, since 1986, monk at the Benedictine Abbey Muensterschwarzach. Until 2010 he was publisher at Vier-Türme publishing house. After his years in Schuyler, Nebraska as Prior of the Christ the King Priory until 2016, he now lives in Rome as prior at the Pontificio Ateneo Sant’Anselmo. Rediscovering God – And Why we Never had to Look for Him

159 pages
January 2018

» New spiritual impulses for Church and ecclesiastical thought
» For spiritual seekers who feel churches don’t have the answers to their questions

Many of today’s Christians have been shaped by a religious education which dictates how on had to act and what one had to avoid in order to be a “good Christian.” Just as many have been taught that searching for God is subject to very strict rules of behavior, together with the outdated idea that Christ’s sacrifice on the cross was not an act of redemption but an attempt to pacify God. Heyes’ goal is to liberate his readers from these misconceptions and the feeling of “owing God an unrepayable debt.”

Divided into three parts, this book first uses biblical figures to illustrate how God finds people, then explores the consequences we can draw from this, and finally looks at how this affects the Church: its horizons, limits, and the pilgrimages it must embark upon. The book’s comforting and freeing message can inspire generations of Christians into a fuller, more current understanding of the faith they hold and the God who was always with them.

From Me to You – Caring for Yourself and Others

144 pages
August 2017

ORiGINAL GERMAN EDITION BY KÖSEL
RIGHTS SOLD TO BRAZIL, CROATIA, FRANCE, ITALY, MEXICO AND SLOVENIA

Care-ful and care-free: Anselm Grün illuminates the notion of caring.

Love thy neighbor as thyself – this means caring for the refugees who come to our shores, but also caring for our parents in their old age, our overworked colleagues, our sick brothers and sisters. It means offering care, taking care, and sometimes letting go of our cares, as well.

In this book, Anselm Grün examines the roots of this love for others, the dedication connected with it, and the limits of the two. What happens to us when we care about someone, and what happens to us when we care for them? Sometimes, it can feel very freeing to simply not care anymore, and that is a form of self-care we occasionally need to engage in. So how to care about others while still taking care of oneself?

Anselm Grün points out the positive sides of caring as well as its dangers. With real-world examples, he conscientiously illustrates the facets of caring and its role in interpersonal relationships, but also takes up its significance for our understanding of the present and the future.

The Healing Force in the Church Year

160 pages
January 2016

Understanding the Liturgical Year

» The perfect gift
» A rediscovery of the forgotten holy days within the liturgical year
» Includes an inspiring ritual for every holy day

People today long to live in harmony with the rhythm of nature – they find its cycle nourishing and healing for body and soul alike. It provides a counterpoint to the rat race of work and constant availability, with their unnatural rhythms. But they no longer know and understand our holidays – our holy days, as the origin of the word reminds us – and can no longer take in the power of healing inherent in their rituals and symbols. The holy days, apparently, have become irrelevant to the life of today.

Father Anselm Grün explains the holy days in the liturgical year in all their imagery and symbolism. When we let ourselves return to the old rhythm of nature, we can rediscover the potential in our soul and the often overlooked possibilities within ourselves. Grün also provides inspirations for our own rituals and ceremonies, so that we can experience our holy days in a completely new light.

Greed – How to Escape the Desire for More

158 pages
January 2015

When more is never enough

» A highly relevant and current social topic
» For those seeking an alternative to a constant striving for more
» For those who want to take responsibility in society

All of us are greedy. Even someone who isn’t usually selfish will want the most for their children, their family, their community or their country. At the same time, all of us are compassionate and act in solidarity with others. We human beings have two souls within us – sometimes one prevails, sometimes the other. But greed isn’t good for people: it saps our joy, it narrows our focus, it hardens our hearts. Anselm Grün shows us how to prevent greed in ourselves, and instead, how we can have the inner freedom to make decisions and act. In this book Anselm Grün gives us ideas for how to deal with the greed within us. With a background of New Testament stories and with the help of an easy 12-point program, the reader can learn to free himself of greed. Anselm Grün lets us take mankind’s failings seriously, so that we can find a way to accept ourselves as we are – and live and act with complete inner freedom.

Don’t miss out on your life!

» For all who want to retain their inner vitality
» For all who want to live their own lives
» For all who want to find their place in life

Anselm Grün shows us that we must not let doubts and fears rule our life. Instead, we need to open ourselves up to the challenge of tackling the unexplored – we need to be willing to take risks. He encourages us to loosen the tight boundaries we have set for ourselves in order to gain inner vitality.

“In recent years I have often encountered people who feel that their life has passed them by. I meet young people who are afraid to take risks. They are afraid that they will make mistakes, or that they will be unprepared for life. In these people in particular, I sense an absence of optimism. Instead, despondency and resignation have taken its place.”

In his own words:

“Show Yourselves!” presents a spirituality of the missionary. While other books on mission offer methods or strategies, my book focuses on the spirituality of the missionary himself/herself. Why You Don’t Need To Hide Your Faith

- A rallying cry for showing and living your personal faith
- With many practical and motivational tips
- For all those unsure about how to practice their faith

Personal faith is one of the last taboos in today’s society. Given the empty churches, the myriad new faiths, and increasing secularization of our world, isn’t it time for us Christians to stand up for our faith? This does not mean missionizing, but going forth with an attitude in which personal faith is a substantial component. Such an attitude supports our encounters with others, with God, and finally ourselves.

For many people it is completely natural to say a short prayer of thanks before a meal. Or to light a candle in church in memory of a loved one who has passed away. But as soon as we invite friends to dinner, we feel unsure of ourselves. Should I hide my faith? Is it a sign of weakness to call upon a higher power to protect me? Isn’t it enough in today’s society to believe in individual freedom in a democracy, the help of neighbors, or the strength of humanistic ideals? Can our life, society and the world really function without faith? In this book, Mauritius Wilde answers all these questions with a resounding No. He calls on all Christians to not merely practice their faith in private, but to publicly stand by personal faith and to defend it. An exciting journey lies before us when we do this – a journey that can sustain our personal spirituality and deeply enrich it.
